Jeremy 5.0 out of 5 stars Don't miss out! I was dealing with a bad drum for a few years that left a faint line down the right margin of my prints, and sometimes would cut off the cents digits on checks. I put off replacing the drum because of the cost. When I checked again I found this one with an unbelievably low price. Seemed to be ok for the first few prints, but getting a lighter print band on all output pages. So instead of extending the life of the printer, I've had to replace the printer. I'll let someone else do that or take it to the dump. Thanks Amazon The old print head was leaving streaks down the center of the paper. Replacement time took 2 minutes and now I'm print perfect. Thanks Amazon! Excellent price

and quality. I have paid much more for the same item in the past. Delivered very fast. Also included a fused wire cleaning pad which I have been unable to locate separately. Very pleased with the color prints!!!Works great again after the error messages and also no streaking when printing. Nice!Excellent so farInstalled the. Installed the drum and started printing without any problems. Most times youll find this IP on the bottom or back of your router device. But if you are not able to find this IP on your router or in the user manual then you can try some methods to get the router I. In the list below we listed all known router IPs for the manufacturer Dell.This can be done easily by clicking on the reset button at the back or at the bottom of your router. If you hold down this small button for approximately 20 seconds, you may have to use a toothpick, then your modem will get restored to the factory settings. What you need to keep in mind is that when you reset your modem, you will lose your connection online. It is therefore better to take an experts assistance in this regard. Note If you have not enough information, it is obviously recommended that you should get help from a person who has all the knowledge about this topic. Terms of use.Best performance for business applications in its price range. Offers both PCL and Postscript. It also gives reasonably good overall performance for the price. Unfortunately, it also cuts a corner or two to keep the price down—most notably by skimping on memory—and that means youll need to pay extra if you want to take full advantage of the printer. Setup is a little cumbersome, with the toner cartridges loaded into a carousel that has to rotate to position for each cartridge. Network setup is simple enough.

The setup program takes care of most steps automatically, and by default, installs both PostScript and PCL drivers. Oddly, it gives you an option not to install PostScript, but you don't have the choice about PCL. That translates to a total time on our business applications suite using QualityLogics hardware and software for timing, www.qualitylogic.com of 21 minutes 57 seconds, compared with 2444 for the similarly priced Samsung CLP550. To get faster printing, you'd have to move up to a higher price class. SEE ALSO The Best VPN Services for 2020 We rate the 3100cn at the high end of very good for text, very good for graphics, and the high end of good for photos. Text just misses an excellent rating, with not quite half the fonts we test easily readable at 4 points, and none needing larger than 8 points. The base unit does not include enough memory to print our 8 by 10 inch photos at the highest quality setting, and that forced us to use a lower quality mode. Take that extra cost into account if you want to print photos. Even with the extra cost, however, the Dell Laser Printer 3100cn offers reasonable value for the price. Graphics. If this is the case, the menu display will alert you. The process of replacing each toner is the same; if you need to replace multiple cartridges, simply repeat the process. This moves the toner cartridge into its replacement position. Step 3 Grasp the front door handle and pull the door down. Lift the tab on the right side of the toner cartridge to unlock it. Step 4 Grasp the toner with both hands and pull it out. Step 5 Shake the replacement toner cartridge for a few seconds. Lift the tab on the end, and pull it to remove the seal. Insert the toner cartridge into the carriage the toner's label should be facing you until it snaps in place. Flip down the tab to secure the toner cartridge, and then close the door.
